School Management Application

https://edu-central.org

About Us

eduCentral is a Central Registry and Management System that allows Educators, Administrators, Institutions, Associations, Vendors, Regulators, and all key players in the Educational Sector to collaborate effectively on the development and growth of education.

Problems we're solving as we speak

- Too much paperwork
- Poor contact between people
- Limited materials and resources
- Hard to check grades
- Low school reputation
- Legal violations
- Education inequality
- Minimal student engagement
- Scattered communications
- Ambiguous hierarchies
- Tedious performance evaluations
- ...
